

Position Available: Part-Time Neuro Exercise Trainer

Push to Walk provides one-on-one personalized workouts to people with spinal cord injuries (SCI), traumatic brain injury (TBI), MS, stroke, CP and other neurological conditions resulting in paralysis. We are looking for a person who has a good working knowledge of the body through education in a health/fitness field of study. Potential candidates should possess a desire to work with people who have spinal cord injuries, brain injuries, paralysis and other neurological conditions.

Required Qualifications:

- Undergraduate degree in Exercise Science or related field
- Current Personal Training Certificate from a national recognized agency such as ACSM, NASM, or CSCS
- Current CPR and First Aid certifications
- Ability to lift a minimum of 70 pounds and maintain a moderate to strenuous workload for a sustained period of time.

Additional preference will be given to applicants who have:

- Graduate degree in Exercise Science or related field
- Experience in a related field
- Personal training and/or strength & conditioning experience

Exposure to or knowledge of neurological conditions resulting in paralysis

Duties Will Include:

- Evaluating new clients
- Establishing and conducting individualized workouts
- Performing administrative tasks associated with client workouts and facility operations
- Assisting with special events, research proposals and on-going projects

Training will be provided on-site.

Inquiries may be made by calling 201-644-7567, faxing 201-644-7568 or e-mailing twarren@pushtowalknj.org. Please reference "Available Position" in subject line of e-mail.
